9mm	124	1100	136
40 S&W	180	1000	180
357 Mag	158	1150	182
45 ACP	230	850	196
44 Mag	240	1300	312

Not All-Inclusive

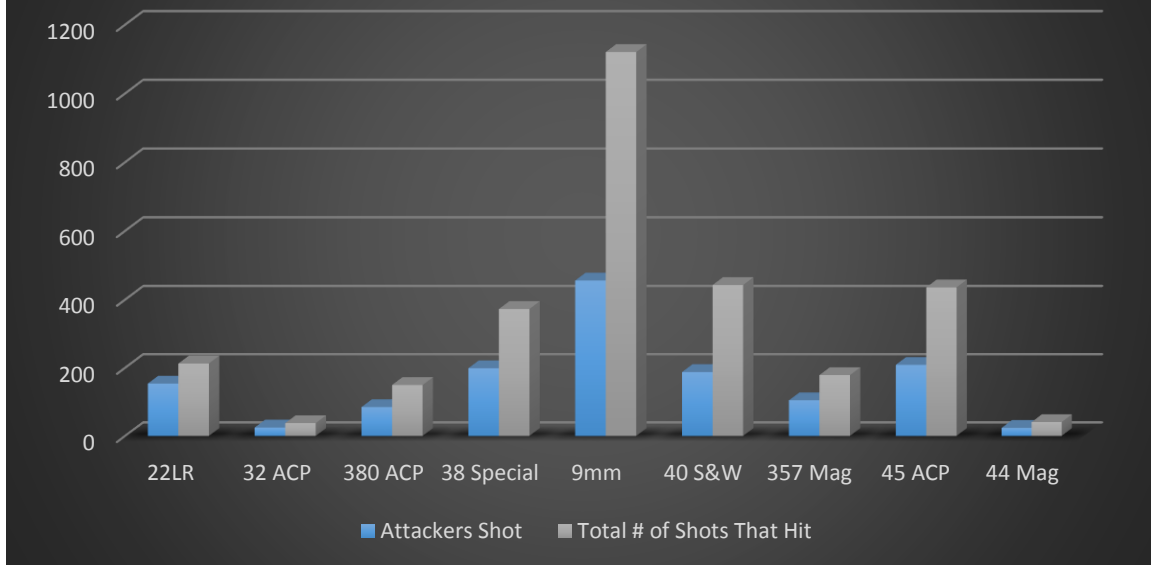

Many people make the mistake of basing their caliber selection based solely on Power Factor, because they have heard that it is important to carry a gun with good “stopping power”. How much of a factor is “stopping power”?
